

BIG TOOL SALE 2009

WELCOME to our annual Big Tool Sale and it's a dandy! Not only is it the largest sale that we've offered so far but it also has some of the most unique tools that we've ever listed. They truly are "one of a kind". As always, there are a lot of interesting collectibles as well as just good used bench tools.

Unless we indicate otherwise, most of the tools have been cleaned, sharpened, repaired, and, in many instances, painted either a nice glossy black or a medium dark glossy green. Very handsome. If we show anything with a blade or cutting edge then most likely the blade or edge has been leveled, dressed, and sharpened. We've gone over every item several times and tried to give you an accurate description as to its condition so there are no surprises. Of course, if you want more and better particulars, just give us a call and ask before you buy. **Shipping and handling are additional.**

Tool Rules:

* All tools sold "as is." No refunds. No returns.
First come, first served!

Shop on the web at www.proleptic.net.

Contact:

Shop Talk!, P O Box 497, Belgrade, ME 04917
